

# Justin Amen N'GBLOGNI

Mechatronics Engineering Student (4th Year) - Seeking Internship | April 6, 2026 – September 6, 2026

+33 6 27 06 00 85 | [justin.ngblogni@etu.unilim.fr](mailto:justin.ngblogni@etu.unilim.fr) | in justin-ngblogni  
15 rue de Gémini, Limoges 87280, FRANCE

## PROFESSIONAL PROFILE

I am a motivated mechatronics engineering student with hands-on experience in autonomous vehicle design. Skilled in modeling, simulation, and system integration, I also have a strong foundation in electrical engineering and computer science. I am currently seeking a 4th-year internship opportunity (worldwide mobility) to deepen my expertise in robotics and automation.

## EDUCATION

|                                                                                                                                                                   |                                       |

| <ul style="list-style-type: none"><li>CAD design, 3D printing, electronic circuit design, TinyML model development, and TensorFlow vision model development (Accuracy: 97%).</li></ul>        |                             |

## HARD SKILLS

### Artificial Intelligence & Vision:

Machine/Deep Learning (Tensorflow, PyTorch), OpenCV, YOLO, Reinforcement Learning, TinyML.

### Programming & Electronics:

Python, C, C++, Arduino, Esp32, STM32, RTOS, Raspberry Pi, embedded Linux. Protocols: CAN bus, SPI, I2C, UART.

### Robotics & Perception:

ROS 2, Signal processing, Kalman filter, SLAM, Path Planning, Sensors (IMU, GPS, Lidar, Cameras).

### Design & R&D Tools:

Matlab/Simulink, Git/GitLab, SolidWorks, Fusion 360, 3DEXPERIENCE, EasyEDA, Altium Designer.

## CERTIFICATIONS, LANGUAGES & INTERESTS

**Certifications:** • Arduino - Excellence Scholarship Recipient (Vallet Foundation) • MathWorks (Matlab, Simulink, RL, Simscape) **Languages:** French (C2 - Native) • English (B1 certified) • Italian (B1 certified) • German (A1)

**Interests:** Automotive, Scientific conferences (robotics, AI), Tourism, Drawing, Music, Cooking.
